**STIPULATED SETTLEMENT AND
DISCIPLINARY ORDER**

19 IT IS HEREBY STIPULATED AND AGREED by and between the parties to the above-
20 entitled proceedings that the following matters are true:

21 **PARTIES**

22 1. Kimberly Kirchmeyer (Complainant) is the Executive Director of the Medical Board
23 of California (Board). She brought this action solely in her official capacity and is represented in
24 this matter by Xavier Becerra, Attorney General of the State of California, and by Joseph F.
25 McKenna III, Deputy Attorney General.

26 2. Respondent David Todd Asher, M.D., (Respondent) is represented in this proceeding
27 by attorney Kevin D. Cauley, Esq., whose address is: 624 South Grand Avenue, 22nd Floor,
28 Los Angeles, California, 90017.

1 3. On or about June 20, 1997, the Board issued Physician's and Surgeon's Certificate
2 No. A62823 to Respondent. The Physician's and Surgeon's Certificate No. A62823 was in full
3 force and effect at all times relevant to the charges brought in First Amended Accusation No.
4 800-2015-010882, and will expire on October 31, 2020, unless renewed.

5 **JURISDICTION**

6 4. On December 28, 2017, Accusation No. 800-2015-010882 was filed against
7 Respondent before the Board. A true and correct copy of Accusation No. 800-2015-010882 and
8 all other statutorily required documents were properly served on Respondent on December 28,
9 2017. Respondent timely filed his Notice of Defense contesting the Accusation.

10 5. On August 1, 2018, First Amended Accusation No. 800-2015-010882 was filed
11 before the Board, and is currently pending against Respondent. A true and correct copy of First
12 Amended Accusation No. 800-2015-010882 and all other statutorily required documents were
13 properly served on Respondent on August 1, 2018. A true and correct copy of First Amended
14 Accusation No. 800-2015-010882 is attached hereto as Exhibit A and hereby incorporated by
15 reference as if fully set forth herein.

16 **ADVISEMENT AND WAIVERS**

17 6. Respondent has carefully read, fully discussed with his counsel, and fully understands
18 the charges and allegations in First Amended Accusation No. 800-2015-010882. Respondent also
19 has carefully read, fully discussed with his counsel, and fully understands the effects of this
20 Stipulated Settlement and Disciplinary Order.

21 7. Respondent is fully aware of his legal rights in this matter, including the right to
22 a hearing on the charges and allegations in First Amended Accusation No. 800-2015-010882; the
23 right to confront and cross-examine the witnesses against him; the right to present evidence and to
24 testify on his own behalf; the right to the issuance of subpoenas to compel the attendance of
25 witnesses and the production of documents; the right to reconsideration and court review of an
26 adverse decision; and all other rights accorded by the California Administrative Procedure Act
27 and other applicable laws, having been fully advised of same by his attorney of record, Kevin D.
28 Cauley, Esq.

1 8. Having the benefit of counsel, Respondent voluntarily, knowingly, and intelligently
2 waives and gives up each and every right set forth above.

3 **CULPABILITY**

4 9. Respondent does not contest that, at an administrative hearing, Complainant could
5 establish a *prima facie* case with respect to the charges and allegations contained in First
6 Amended Accusation No. 800-2015-010882 and that he has thereby subjected his Physician's and
7 Surgeon's Certificate No. A67110 to disciplinary action.

8 10. Respondent agrees that if he ever petitions for early termination or modification of
9 probation, or if an accusation and/or petition to revoke probation is filed against him before the
10 Medical Board of California, all of the charges and allegations contained in First Amended
11 Accusation No. 800-2015-010882 shall be deemed true, correct and fully admitted by Respondent
12 for purposes of any such proceeding, or any other licensing proceeding involving Respondent in
13 the State of California.

14 **RESERVATION**

15 11. Any admissions made by Respondent herein are only for the purposes of this
16 proceeding, or any other proceedings in which the Medical Board of California or other
17 professional licensing agency is involved in the State of California, and any such admissions shall
18 not be admissible in any other criminal or civil proceeding.

19 **CONTINGENCY**

20 12. The parties agree that this Stipulated Settlement and Disciplinary Order shall be
21 submitted to the Board for its consideration in the above-entitled matter and, further, that the
22 Board shall have a reasonable period of time in which to consider and act on this Stipulated
23 Settlement and Disciplinary Order after receiving it. By signing this stipulation, Respondent fully
24 understands and agrees that he may not withdraw his agreement or seek to rescind this stipulation
25 prior to the time the Board considers and acts upon it.

26 13. The parties agree that this Stipulated Settlement and Disciplinary Order shall be null
27 and void and not binding upon the parties unless approved and adopted by the Board, except for
28 this paragraph, which shall remain in full force and effect. Respondent fully understands and

1 agrees that in deciding whether or not to approve and adopt this Stipulated Settlement and
2 Disciplinary Order, the Board may receive oral and written communications from its staff and/or
3 the Attorney General's office. Communications pursuant to this paragraph shall not disqualify
4 the Board, any member thereof, and/or any other person from future participation in this or any
5 other matter affecting or involving Respondent. In the event that the Board, in its discretion, does
6 not approve and adopt this Stipulated Settlement and Disciplinary Order, with the exception of
7 this paragraph, it shall not become effective, shall be of no evidentiary value whatsoever, and
8 shall not be relied upon or introduced in any disciplinary action by either party hereto.
9 Respondent further agrees that should the Board reject this Stipulated Settlement and Disciplinary
10 Order for any reason, Respondent will assert no claim that the Board, or any member thereof, was
11 prejudiced by its/his/her review, discussion and/or consideration of this Stipulated Settlement and
12 Disciplinary Order or of any matter or matters related hereto.

13 **ADDITIONAL PROVISIONS**

14 14. This Stipulated Settlement and Disciplinary Order is intended by the parties herein to
15 be an integrated writing representing the complete, final and exclusive embodiment of the
16 agreements of the parties in the above-entitled matter.

17 15. The parties agree that copies of this Stipulated Settlement and Disciplinary Order,
18 including copies of the signatures of the parties, may be used in lieu of original documents and
19 signatures and, further, that copies and signatures shall have the same force and effect as originals.

20 16. In consideration of the foregoing admissions and stipulations, the parties agree the
21 Board may, without further notice to or opportunity to be heard by Respondent, issue and enter
22 the following Disciplinary Order:

15 A medical record keeping course taken after the acts that gave rise to the charges in First
16 Amended Accusation No. 800-2015-010882, but prior to the effective date of the Decision may,
17 in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this
18 condition if the course would have been approved by the Board or its designee had the course
19 been taken after the effective date of this Decision.

20 Respondent shall submit a certification of successful completion to the Board or its
21 designee not later than fifteen (15) calendar days after successfully completing the course, or not
22 later than fifteen (15) calendar days after the effective date of the Decision, whichever is later.

27 shall provide any information and documents that the program may deem pertinent. Respondent
28 shall successfully complete the classroom component of the program not later than six (6) months

5 A professionalism program taken after the acts that gave rise to the charges in First
6 Amended Accusation No. 800-2015-010882, but prior to the effective date of the Decision may,
7 in the sole discretion of the Board or its designee, be accepted towards the fulfillment of this
8 condition if the program would have been approved by the Board or its designee had the program
9 been taken after the effective date of this Decision.

10 Respondent shall submit a certification of successful completion to the Board or its
11 designee not later than fifteen (15) calendar days after successfully completing the course, or not
12 later than fifteen (15) calendar days after the effective date of the Decision, whichever is later.

13 5. MONITORING – PRACTICE. Within thirty (30) calendar days of the effective date
14 of this Decision, Respondent shall submit to the Board or its designee for prior approval as a
15 practice monitor, the name and qualifications of one or more licensed physicians and surgeons
16 whose licenses are valid and in good standing, and who are preferably American Board of
17 Medical Specialties (ABMS) certified. A monitor shall have no prior or current business or
18 personal relationship with Respondent, or other relationship that could reasonably be expected to
19 compromise the ability of the monitor to render fair and unbiased reports to the Board, including
20 but not limited to any form of bartering, shall be in Respondent's field of practice, and must agree
21 to serve as Respondent's monitor. Respondent shall pay all monitoring costs.

22 The Board or its designee shall provide the approved monitor with copies of the Decision
23 and First Amended Accusation No. 800-2015-010882, and a proposed monitoring plan. Within
24 fifteen (15) calendar days of receipt of copies of the Decision and First Amended Accusation No.
25 800-2015-010882, and proposed monitoring plan, the monitor shall submit a signed statement
26 that the monitor has read the Decision and First Amended Accusation No. 800-2015-010882,
27 fully understands the role of a monitor, and agrees or disagrees with the proposed monitoring

28 ////

1 plan. If the monitor disagrees with the proposed monitoring plan, the monitor shall submit a
2 revised monitoring plan with the signed statement for approval by the Board or its designee.

3 Within sixty (60) calendar days of the effective date of this Decision, and continuing
4 throughout probation, Respondent's practice shall be monitored by the approved monitor.
5 Respondent shall make all records available for immediate inspection and copying on the
6 premises by the monitor at all times during business hours and shall retain the records for the
7 entire term of probation.

8 If Respondent fails to obtain approval of a monitor within sixty (60) calendar days of the
9 effective date of this Decision, Respondent shall receive a notification from the Board or its
10 designee to cease the practice of medicine within three (3) calendar days after being so notified.
11 Respondent shall cease the practice of medicine until a monitor is approved to provide monitoring
12 responsibility.

13 The monitor shall submit a quarterly written report to the Board or its designee which
14 includes an evaluation of Respondent's performance, indicating whether Respondent's practices
15 are within the standards of practice of medicine, and whether Respondent is practicing medicine
16 safely. It shall be the sole responsibility of Respondent to ensure that the monitor submits the
17 quarterly written reports to the Board or its designee within ten (10) calendar days after the end of
18 the preceding quarter.

19 If the monitor resigns or is no longer available, Respondent shall, within five (5) calendar
20 days of such resignation or unavailability, submit to the Board or its designee, for prior approval,
21 the name and qualifications of a replacement monitor who will be assuming that responsibility
22 within fifteen (15) calendar days. If Respondent fails to obtain approval of a replacement monitor
23 within sixty (60) calendar days of the resignation or unavailability of the monitor, Respondent
24 shall receive a notification from the Board or its designee to cease the practice of medicine within
25 three (3) calendar days after being so notified. Respondent shall cease the practice of medicine
26 until a replacement monitor is approved and assumes monitoring responsibility.

27 In lieu of a monitor, Respondent may participate in a professional enhancement program
28 approved in advance by the Board or its designee that includes, at minimum, quarterly chart

1 review, semi-annual practice assessment, and semi-annual review of professional growth and
2 education. Respondent shall participate in the professional enhancement program at
3 Respondent's expense during the term of probation.

4 6. NOTIFICATION. Within seven (7) days of the effective date of this Decision, the
5 Respondent shall provide true copies of this Decision and First Amended Accusation No. 800-
6 2015-010882 to the Chief of Staff or the Chief Executive Officer at every hospital where
7 privileges or membership are extended to Respondent, at any other facility where Respondent
8 engages in the practice of medicine, including all physician and locum tenens registries or other
9 similar agencies, and to the Chief Executive Officer at every insurance carrier which extends
10 malpractice insurance coverage to Respondent. Respondent shall submit proof of compliance to
11 the Board or its designee within fifteen (15) calendar days.

12 This condition shall apply to any change(s) in hospitals, other facilities or insurance carrier.

13 7. SUPERVISION OF PHYSICIAN ASSISTANTS AND ADVANCED PRACTICE
14 NURSES. During probation, Respondent is prohibited from supervising physician assistants and
15 advanced practice nurses.

16 8. OBEY ALL LAWS. Respondent shall obey all federal, state and local laws, all
17 rules governing the practice of medicine in California and remain in full compliance with any
18 court ordered criminal probation, payments, and other orders.

19 9. QUARTERLY DECLARATIONS. Respondent shall submit quarterly
20 declarations under penalty of perjury on forms provided by the Board, stating whether there has
21 been compliance with all the conditions of probation.

22 Respondent shall submit quarterly declarations not later than ten (10) calendar days after
23 the end of the preceding quarter.

24 10. GENERAL PROBATION REQUIREMENTS.

25 Compliance with Probation Unit

26 Respondent shall comply with the Board's probation unit.

27 Address Changes

28 Respondent shall, at all times, keep the Board informed of Respondent's business and

1 residence addresses, email address (if available), and telephone number. Changes of such
2 addresses shall be immediately communicated in writing to the Board or its designee. Under no
3 circumstances shall a post office box serve as an address of record, except as allowed by Business
4 and Professions Code section 2021(b).

5 Place of Practice

6 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
7 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
8 facility.

9 License Renewal

10 Respondent shall maintain a current and renewed California physician's and surgeon's
11 license.

12 Travel or Residence Outside California

13 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
14 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
15 (30) calendar days.

16 In the event Respondent should leave the State of California to reside or to practice,
17 Respondent shall notify the Board or its designee in writing thirty (30) calendar days prior to the
18 dates of departure and return.

19 11. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
20 available in person upon request for interviews either at Respondent's place of business or at the
21 probation unit office, with or without prior notice throughout the term of probation.

22 12. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board
23 or its designee in writing within fifteen (15) calendar days of any periods of non-practice lasting
24 more than thirty (30) calendar days and within fifteen (15) calendar days of Respondent's return
25 to practice. Non-practice is defined as any period of time Respondent is not practicing medicine
26 as defined in Business and Professions Code sections 2051 and 2052 for at least forty (40) hours
27 in a calendar month in direct patient care, clinical activity or teaching, or other activity as
28 approved by the Board. If Respondent resides in California and is considered to be in non-

1 practice, Respondent shall comply with all terms and conditions of probation. All time spent in
2 an intensive training program which has been approved by the Board or its designee shall not be
3 considered non-practice and does not relieve Respondent from complying with all the terms and
4 conditions of probation. Practicing medicine in another state of the United States or Federal
5 jurisdiction while on probation with the medical licensing authority of that state or jurisdiction
6 shall not be considered non-practice. A Board-ordered suspension of practice shall not be
7 considered as a period of non-practice.

8 In the event Respondent's period of non-practice while on probation exceeds eighteen (18)
9 calendar months, Respondent shall successfully complete the Federation of State Medical Boards'
10 Special Purpose Examination, or, at the Board's discretion, a clinical competence assessment
11 program that meets the criteria of Condition 18 of the current version of the Board's "Manual of
12 Model Disciplinary Orders and Disciplinary Guidelines" prior to resuming the practice of
13 medicine.

14 Respondent's period of non-practice while on probation shall not exceed two (2) years.

15 Periods of non-practice will not apply to the reduction of the probationary term.

16 Periods of non-practice for a Respondent residing outside of California will relieve
17 Respondent of the responsibility to comply with the probationary terms and conditions with the
18 exception of this condition and the following terms and conditions of probation: Obey All Laws;
19 General Probation Requirements; and Quarterly Declarations.

20 13. COMPLETION OF PROBATION. Respondent shall comply with all financial
21 obligations (e.g., restitution, probation costs) not later than one hundred twenty (120) calendar
22 days prior to the completion of probation. Upon successful completion of probation,
23 Respondent's certificate shall be fully restored.

24 14. VIOLATION OF PROBATION. Failure to fully comply with any term or
25 condition of probation is a violation of probation. If Respondent violates probation in any
26 respect, the Board, after giving Respondent notice and the opportunity to be heard, may revoke
27 probation and carry out the disciplinary order that was stayed. If an Accusation, or Petition to
28 Revoke Probation, or an Interim Suspension Order is filed against Respondent during probation,

1 the Board shall have continuing jurisdiction until the matter is final, and the period of probation
2 shall be extended until the matter is final.

3 15. LICENSE SURRENDER. Following the effective date of this Decision, if
4 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
5 the terms and conditions of probation, Respondent may request to surrender his or her license.
6 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
7 determining whether or not to grant the request, or to take any other action deemed appropriate
8 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
9 shall within fifteen (15) calendar days deliver Respondent's wallet and wall certificate to the
10 Board or its designee and Respondent shall no longer practice medicine. Respondent will no
11 longer be subject to the terms and conditions of probation. If Respondent re-applies for a
12 medical license, the application shall be treated as a petition for reinstatement of a revoked
13 certificate.

14 16. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
15 with probation monitoring each and every year of probation, as designated by the Board, which
16 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
17 California and delivered to the Board or its designee no later than January 31 of each calendar
18 year.

4. Section 2227 of the Code provides that a licensee who is found guilty under the Medical Practice Act may have his or her license revoked, suspended for a period not to exceed one year, placed on probation and required to pay the costs of probation monitoring, be publicly reprimanded which may include a requirement that the licensee complete relevant educational courses, or have such other action taken in relation to discipline as the Board deems proper.

FIRST CAUSE FOR DISCIPLINE

(Gross Negligence)

10. Respondent has subjected his Physician's and Surgeon's Certificate No. A67110 to disciplinary action under sections 2227 and 2234, as defined in section 2234, subdivision (b), of the Code, in that Respondent committed gross negligence in his care and treatment of Patient A¹;

11. On or about April 14, 2016, Patient A admitted himself to Reflections Recovery Center (Reflections) located in Costa Mesa, California, for alcohol detoxification treatment. Reflections' intake form included scant information regarding Patient A's current and past use of alcohol, history of binge drinking, blackouts, and tremors.

12. At the time of admission to Reflections, Patient A had an extremely elevated Blood Alcohol Concentration (BAC) of 0.37 percent, a markedly elevated blood pressure and pulse, and his Clinical Institute Withdrawal Assessment for Alcohol (CIWA) was thirteen (13).²

////

¹ Letters A, B, C, D, and E are used for the purposes of maintaining patient confidentiality.

² CIWA is a ten item scale used in the assessment and management of alcohol withdrawal. Each item on the scale is scored independently, and the summation of the scores yields an aggregate value that correlates to the severity of alcohol withdrawal, with ranges of scores designed to prompt specific management decisions such as the administration of benzodiazepines. The maximum score is 67; mild alcohol withdrawal is defined with a score less than 15, moderate with scores of 16 to 20, and severe with any score greater than 20.

1 13. Respondent was the medical director of Reflections when Patient A was admitted to
2 the facility.

3 14. On or about April 15, 2016, Respondent saw Patient A and charted a brief history and
4 physical examination of Patient A, but did not document important information including, but not
5 limited to, a comprehensive drug and alcohol use history or history of psychiatric illness and/or
6 treatment. Respondent noted a CIWA score of sixteen (16) and that Patient A's last drink of
7 alcohol was thirty-six (36) hours prior to admission to Reflections. Notwithstanding CIWA
8 scores of nineteen (19) and twenty (20) recorded that same morning, and elevated pulse and blood
9 pressure readings, Respondent only started Patient A on a tapering regime of Ativan and other
10 medications.

11 15. On or about April 17, 2016, Respondent again saw Patient A and charted a very brief
12 progress report of his current condition, including a notation for elevated blood pressure and that
13 he had the "shakes" and was "anxious." Notwithstanding a CIWA score of sixteen (16), elevated
14 pulse and blood pressure readings, and other secondary signs of alcohol withdrawal, Respondent
15 continued Patient A on a tapering regime of Ativan and other medications. Patient A was
16 transferred to Hoag Hospital that same day after staff observed him displaying signs consistent
17 with Delirium Tremens (DTs).³ Patient A was later discharged and returned to Reflections.

18 16. After Patient A returned to Reflections' facility, Respondent continued to prescribe
19 him a tapering regime of Ativan, notwithstanding Patient A having displayed significant signs
20 and symptoms consistent with DTs leading to his admission to Hoag Hospital; and Respondent
21 also never followed up with Patient A at his medical office or Reflections upon the patient's
22 return to the facility.

23 17. On or about April 18, 2016, Patient A returned to Hoag Hospital after Reflections'
24 staff observed him displaying signs and symptoms of DTs. Respondent, despite being notified by
25 Reflections' staff about Patient A's re-admittance to Hoag Hospital, did not contact the physician

26 ³ Delirium tremens (DTs) is the most severe form of ethanol withdrawal manifested by
27 altered mental status (global confusion) and sympathetic overdrive (autonomic hyperactivity),
28 which can progress to cardiovascular collapse. DTs is a medical emergency with a high mortality
rate, making early recognition and treatment essential.

1 treating Patient A at the hospital to follow up on his condition or medical treatment. That same
2 day, Patient A was discharged from Hoag Hospital and transported to a hospital located at the
3 University of California Los Angeles.

4 18. Respondent committed gross negligence in his care and treatment of Patient A
5 including, but not limited to, the following:

6 (a) Respondent failed to provide appropriate and adequate treatment for
7 Patient A's alcohol withdrawal.

8 **SECOND CAUSE FOR DISCIPLINE**

9 **(Repeated Negligent Acts)**

10 19. Respondent has further subjected his Physician's and Surgeon's Certificate No.
11 A67110 to disciplinary action under sections 2227 and 2234, as defined in section 2234,
12 subdivision (c), of the Code, in that Respondent committed repeated negligent acts in his care
13 and treatment of Patients A, B, C, D, and E, as more particularly alleged hereinafter:

14 20. **Patient A**

15 (a) Paragraphs 10 through 18, above, are hereby incorporated by reference
16 and realleged as if fully set forth herein.

17 21. **Patient B**

18 (a) Between in or around January 2014, and in or around February 2016,
19 Respondent and/or his nurse practitioner, whom Respondent supervised, treated
20 Patient B for numerous medical conditions including, but not limited to,
21 dysmenorrhea, abdominal pain, insomnia, backache, anxiety, and migraines.
22 During this same timeframe, Respondent and/or his nurse practitioner documented
23 approximately twenty-two (22) visits with this patient.

24 (b) On or about May 16, 2014, Patient B handed Respondent a prescription
25 for his signature at his office. Prior to handing the prescription to Respondent, the
26 prescription had already been completed by Patient B and specific drug selections
27 had already been made on the prescription form by this patient. The prescription
28 was for a compounded topical pain medication containing multiple drugs including,

1 but not limited to, Tramadol, Flurbiprofen, Cyclobenzaprine, and Baclofen. On this
2 same date, Respondent approved a one (1) year supply of this prescription for
3 Patient B. Significantly, Respondent did not examine Patient B or document any
4 discussion with the patient in the patient's chart on this date or at any point
5 afterwards, regarding anything about prescribing a compounded topical pain
6 medication.

7 22. Respondent committed repeated negligent acts in his care and treatment of
8 Patient B including, but not limited to, the following:

9 (a) Respondent issued a one (1) year prescription for compounded pain
10 medications to Patient B without documenting a history for this patient;

11 (b) Respondent issued a one (1) year prescription for compounded pain
12 medications to Patient B without performing a physical examination of this
13 patient; and

22 abdominal pain, and pain in neck. During this same timeframe, Respondent and/or
23 his nurse practitioner documented approximately twenty-two (22) visits with this
24 patient.

25 (b) On or about May 16, 2014, Patient C's spouse, Patient B, handed
26 Respondent a prescription for his signature at his office. Prior to handing the
27 prescription to Respondent, the prescription had already been completed by Patient

1 Patient B. The prescription was for a compounded topical pain medication
2 containing multiple drugs including, but not limited to, Tramadol, Flurbiprofen,
3 Cyclobenzaprine, and Baclofen, and was meant for use by Patient C. On this same
4 date, Respondent approved a one (1) year supply of this prescription without
5 seeing Patient C. Significantly, Respondent did not examine Patient C or
6 document any discussion with the patient in the patient's chart on this date or at
7 any point afterwards, regarding anything about prescribing a compounded topical
8 pain medication.

9 24. Respondent committed repeated negligent acts in his care and treatment of
10 Patient C including, but not limited to, the following:

22 Patient D for numerous medical conditions including, but not limited to, allergic
23 rhinitis, backache, and infection of the skin. During this same timeframe,
24 Respondent and/or his nurse practitioner documented approximately six (6) visits
25 with this patient.

26 (b) On or about May 16, 2014, Patient D's parent, Patient B, handed
27 Respondent a prescription for his signature at his office. Prior to handing the
28 prescription to Respondent, the prescription had already been completed by Patient

1 B and specific drug selections had already been made on the prescription form by
2 Patient B. The prescription was for a compounded topical pain medication
3 containing multiple drugs including, but not limited to, Tramadol, Flurbiprofen,
4 Cyclobenzaprine, and Baclofen, and was meant for use by Patient D. On this same
5 date, Respondent approved a one (1) year supply of this prescription without
6 seeing Patient D. Significantly, Respondent did not examine Patient D or
7 document any discussion with the patient in the patient's chart on this date or at
8 any point afterwards, regarding anything about prescribing a compounded topical
9 pain medication.

10 26. Respondent committed repeated negligent acts in his care and treatment of

23 Patient E for numerous medical conditions including, but not limited to,
24 depression, anxiety, dysuria, dysmenorrhea, backache, neck pain, sinusitis,
25 bronchitis, and scoliosis. During this same timeframe, Respondent and/or his
26 nurse practitioner documented approximately twelve (12) visits with this patient.

27 (b) On or about May 16, 2014, Patient E's parent, Patient B, handed
28 Respondent a prescription for his signature at his office. Prior to handing the

1 prescription to Respondent, the prescription had already been completed by Patient

17 and

18 (c) Respondent issued a prescription for compounded pain medications to

25 No. A67110 to disciplinary action under sections 2227 and 2234, as defined in sections 2242 and
